COMMERCIAL DOUGH BALL MAKER

Technical Specifications

Product Code	LEP250	LEP981
Capacity per Batch	3.5 Kg.	3.5 Kg.
Operating Voltage	NA	220V 50Hz
Compressor Tank Capacity	NA	25 litres
Compressor Dimensions	NA	33"x18"x28"
Compressor Weight	NA	38 Kg.
Balls per Hour	600-800 balls	
Working Pressure	4 - 5 bar	
Machine Weight	58 Kg.	
Machine Dimension	30" x 23" x 66" (LxBxH)	
Available Ball Size/Weight	Size / Weight Variable by User	

Machine with above product codes operate on 220V 50Hz.

For 110V 60Hz variants, please visit our website.
