

COMMERCIAL SEVAI MAKER

The Maxel Commercial Sevai Maker is easy to use and safe for commercial purposes.

The machine-driven process ensures clean and hygienic sevai in customizable sizes.

The heavy pneumatic cylinder are capable of making sevai from batter of any consistency. The pneumatic technology will save energy to large extent when compared to other models. With this amazing machine, making sevai is more convenient than ever before!

Features

User Friendly Controls

Food Grade SS Feeder Pipe

Very Heavy Pneumatic Cylinders

Customisable Production Time

Wheels For Easy Mobility

Customisable Sevai Size From 0.8mm To 3mm

COMMERCIAL SEVAI MAKER

Technical Specifications

Product Code	LEP877	LEP976	LEP977
Capacity per Batch	3.5 kg	3.5 kg	3.5 kg
Operating Voltage	NA	220V 50Hz	110V 60Hz
Compressor Tank Capacity	NA	25 litres	45 litres
Compressor Dimensions	NA	33"x18"x28"	36"x24"x38"
Compressor Weight	NA	38 Kg.	94 Kg.
Operating Time per Batch	3 - 5 mins.		
Working Pressure	5-6 bar		
Machine Weight	105 Kg.		
Machine Dimension	28" x 25" x 91" (LxBxH)		
Available Sevai Sizes	0.8 mm - 3 mm
