

COMMERCIAL TILTING GRINDER

The Maxel Commercial Tilting Grinder is a top notch choice in this segment, with low grind time and maximized power efficiency.

It is manufactured using authentic components from the company for great quality and reliability, and it comes with a tilting feature which makes it easy for batter collection even for a single person use. There is a protective lid for safe grinding, and the stones are easy to clean.

Overall, this grinder is a great choice for all your daily commercial grinding needs.

Features
