

# **INSTRUCTION MANUAL**

Commercial Portable Sevai Maker- Hydraulic

## **Dear Customer,**

We are glad to welcome you to the maxel family.

At maxel, we make products with precision and at most quality, ensuring that our customers are deriving complete value for their money. More than making your job effortless, we are delighted that we are assisting you in making the tastiest and healthiest foods every day!

## **Directions to Use:**

- ❖ Upon un-wrapping, remove the warranty card from the machine and keep it safe.
- ❖ The order to be followed for using the machine is as follows.
  - \* Clean the machine with dry cloth.
  - \* Pull out the feeder pipe and fill it with cooked batter.
  - \* Put the feeder pipe back into its place.
  - \* Switch on the machine.
  - \* With a collecting vessel below the feeder pipe, pull the handle backward in order to press.
  - \* Once the current batch is over, push the handle upwards.
  - \* Repeat the previous 5 steps for further batches.
  - \* Once the process is over, Switch off the machine.
  - \* Remove the feeder pipe and wash it completely.
  - \* Clean the machine with wet and dry cloth after every use.

## **Do's & Don'ts:**

- ❖ Periodically ensure there is enough oil up to the level shown.
- ❖ Keep the machine in a flat & non-slippery surface.
- ❖ Keep the machine out of the reach of the children.
- ❖ Periodically ensure there is no oil leakage anywhere in the machine because of negligence in handling.
- ❖ Do not run the machine before reading this manual.
- ❖ Do not run the machine empty.
- ❖ Do not run the machine without proper earthing.
- ❖ Do not use any third-party accessory.
- ❖ Do not put the hands inside the feeder pipe while the machine is running.
- ❖ Do not wash the machine directly with hoses. Please wipe it with wet and dry cloth.
- ❖ Do not relocate the machine with oil filled. Please drain it with drain plug provided, relocate & then refill it with breather provided.
- ❖ Do not run the machine continuously for more than 1 hour. Please have a break of 5-7 minutes for every one hour.

**Caution : In case of overriding of the above-mentioned instructions, warranty becomes void.**
